

Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

CENSUS, 1950

Thirty-five countries will take a census in 1950, the United States and Canada being foremost. There are 19 in the western hemisphere where no census will be counted, 15 in Europe. The U.S.A. census will cost \$75,000,000, twice the sum of the last census; it is the biggest clerical job of all time and involves a personal call, by an enumerator, on every mansion and shack in American territory. The sum total is 41,000,000 homes, to be reached by 160,000 men and women.

Canada is expected to show a population of 12,000,000 or better; the U.S. will show 150,000,000 people, perhaps more. That would be 18,000,000 increase in ten years. They never counted on that; it was not expected until 1960 or maybe 1970. The stork has upset all calculations. As one writer puts it: "So many babies were born during and after the war that the Pooh-Bahs were left standing on their ears."

Many strange things happen to the en-

umerators, many strange conditions are met. Ninety per cent of the people want to be helpful, and there is a lot of hospitality. There is one stock problem common to all enumerators, a tough nut to crack, getting the correct age of women. It is one item on the 60-question paper, where fidelity to truth goes right out the window in tens of thousands of cases. Not all, by any manner or means, but plenty.

The average citizen will have, in the U.S.A., about 60 questions to answer, including income, wealth and everything ordinarily kept secret. The farmer will have about 60 more than the average, all about crops and stock. The census will thus be a complete economic inventory. The counting of noses is only a relatively small part of the information Uncle Sam demands. The Canadian census is along similar lines and, of course, the enumerators will be on the Liberal patronage list.

THE WASTE OF LEISURE

(From the Financial Post)

"Atomic energy confronts mankind with his dreadful choice: If we have war we shall be blown to bits; if we have peace we shall be bored to death." This was the comment of Robert Hutchins, chancellor of the University of Chicago, on the failure of most Americans to make anything out of their leisure.

The responsibility of the educationists for at least part of this situation was the subject of an illuminating editorial in the Guelph Mercury recently.

"Our scientific scholars and educators generally are so busy piling up isolated mounds of new knowledge that they never find time to lump them together into a well-molded mass. By ignoring this task they obscure the basic unity of all knowledge."

ITEM FOR THE RECORD

(From the Christian Science Monitor)

Francis Cardinal Spellman has made a very important statement as the apparent culmination of his controversy with Mrs. Franklin D. Roosevelt over the inclusion of parochial schools in federal aid to education.

"We are not asking," he says, "for general public support of religious schools." He adds: "We do not ask nor could we expect public funds," for teachers' salaries or for construction or maintenance of parochial school buildings.

This does not explicitly pledge—and perhaps no one in the American hierarchy can promise—that Roman Catholic demands for direct aid to schools will not be made in the future, but it does state the present aims and requests of that church with a precision not evident in earlier comments by its responsible leaders.

Last November the Roman Catholic Bishops of the United States in a formal statement avowed they would work for revision of the concept of separation of church and state which the United States Supreme Court has adopted in two recent leading cases. This could have meant they disputed the case. This could have meant they disputed the case. This could have meant they disputed the case.

TOO MUCH AUTHORITY

(From the Elora Express)

Among the many briefs presented to the group of members of the Ontario Legislature who are holding sittings throughout the province in the interests of conservation, there have been several suggestions that a new department of government be set up to deal especially and we gather, with authority, on the conservation of natural resources, water, forests and soils.

Now there is a measure of satisfaction in having such things regulated by departments of government during a war or national emergency. But it is not our Canadian way to set up too many dictatorial bodies in our too many governments. There have been too many such during the war years and the pressing problem is to get rid of them without interfering with the course of the country's business. So we would definitely not agree with these suggestions, one of which came from the O.A.C.

We have, in the Dominion and Provincial governments of this comparatively new country, enough existing departments, often over-lapping, to run the affairs of the continent. A juggling of them are efficiently staffed, great many of them are equal of anything on the continent in their own particular field. The crying need today is intelligent groups of people who know their own needs and can visualize them in relation to the greater needs

This is the great curse and the great challenge of our technical age. Our "learned men" have tended to become in any true sense of the word uneducated men. They have acquired in the old but apt phrase "more and more knowledge about less and less." Too many of our scientists are now little more than "uneducated technicians." They can perform wonders with machinery. They can make gadgets do all kinds of unheard-of things. But about man and his place in the universe they know less, and have thought less, than any mediaeval monk.

We need our technicians and no society will underestimate the contribution they make to our society. But we need even more "educated men," in the full sense of the term; men who, in the words of the Guelph Mercury, can help modern man "to understand himself, his place in society, his relation to the stream of history."

Cardinal Spellman accepts the distinction made by the Supreme Court between direct support of instructional expenses of private schools and the granting of "auxiliary services" such as free textbooks, bus rides, and health attention to their pupils. He limits the demands of Roman Catholics in the United States to the latter category.

This is an important commitment which may help to break the apparent impasse over federal aid to education in the House of Representatives. It is an important point, one possibly of long-range significance, to go into the record of that discussion.

The Cardinal, however, goes on to argue that these auxiliary services not only should be granted to denominational schools in states which wish it that way—as provided in the compromise bill passed by the Senate—but should be forced through in all states regardless of their laws.

This would violate the constitutional policy of state control over education. We believe firmly that federal aid should not be permitted to lead to federal regimentation. Many Roman Catholic educators also have been concerned on this point. But if Congress could override the states in the distribution of the funds, it could tie practically any strings to the funds it would disburse.

of their country, to take these existing services and put them to work. And so we would like to see more Authorities, such as that established for the Grand River. Authorities which are made up of men and women who know their farmlands and their river possibilities and their recreational needs. A start has been made and the degree of intelligent and unselfish interest shown in discussions of the Grand Valley Authority are an indication of what could be accomplished by such a group working through the many channels already existing. It will be slower, admittedly, than administration from the top but it would be built on the sure foundations of a people's need rather than the sometimes shaky and always uncertain sands of political expediency.

Who pleasure gives, shall joy receive.

Be neither silly nor cunning, but wise.

All things are cheap to the saving, dear to the wasteful.

Where there's marriage without love, there will be love without marriage.

Lawyers, preachers, and tomtit's eggs, there are more of them hatched than come to perfection.

FOR OR AGAINST

The other day an editor phoned me and asked if I believed in "mercy killing." For the moment I suspected he had some designs upon my life and wanted to invite me as an accomplice before the fact. But he assured me that he had no such sinister motive. He suggested that I might write an article on the subject. I told him that I knew more about it than what I had read from time to time in the newspapers, and had never arrived at any definite conclusion on the question.

For one thing I don't like the term "mercy killing." I still believe in the Ten Commandments, and one of them says, "Thou shalt do no murder." I was asked if I believed in "mercy murdering" I would be shocked at the question. The Commandment does not specify any particular method of murdering. Murder may be divided into two broad classes: violent and cold-blooded. Some violent murders may be premeditated, but they are usually committed in a fit of passion, which is a form of insanity, although it is not recognized as such by law. On the other hand, murders committed in cold-blood such as poisoning, are the more culpable because they are callously premeditated and do not give the victim a chance to defend himself, and they reveal a deep-seated and sub-human nature.

Strangely enough, after coming to the above conclusion, I came across an Associated Press news dispatch from Cincinnati which told the story of a man who had been in a coma for more than six years and had been kept alive and in "good health" by artificial feeding. It is stated that a special nurse was with him every minute of the day, and that, under the doctor's directions he has been brought through pneumonia, indigestion and other ills. The man is known as "Patient X" and he entered the hospital after being struck on the frontal region of the head by an eight-pound pulley which fell from a ceiling while he was working on a construction job.

The story goes on to say that "Patient X" is now 56 years old and is an industrial case. Up-to-date the Ohio State Industrial Commission had paid out more than \$65,000 for keeping him alive. Expenditures by the hospital, in addition, had exceeded \$6,000. The hospital physician is reported to have said: "It looks like he could live for years. His condition remains just about the same. His eyes continue to follow moving objects, but we have failed in every effort to learn whether he ever understands anything said to him. We know he feels pain occasionally, because he groans. He still bats his eyes. He also snores. We have learned something out of the case. That is that there is no excuse for bed sores."

So it has cost the authorities \$71,000 to learn that there is no excuse for bed sores. It may be claimed that the saving of this man's life and the preservation of his body in a state of health is a triumph of surgery and medical treatment. But his life was not saved, for the doctors know that he is keeping alive by tube-feeding through the nose—or if he is there, they are keeping him a prisoner in a battered brain. To have let him die when they realized that there was no hope of recovery would have been an act of mercy toward his wife, who is a widow in all but name and is said to visit him frequently. He is dead to all intents and purposes, and it is not a question of mercy killing, for he was killed as a human being when the pulley destroyed the frontal region of his brain, and his body is being preserved as a curiosity.

In this case, at least, I believe in "mercy killing." And there may be other cases where recovery is hopeless, and where the patient is suffering physical torture and mental anguish when it would be a mercy to let the patients pass peacefully away rather than keep them alive by artificial means.

HOW EARLY SETTLERS COINED "INDIAN" NAMES IN ONTARIO

(From the Ontario Government Branch)

The Survey and Engineering Branch of the Department of Lands and Forests 15 years ago began a combined project of etymology and nomenclature with a view of aligning the province's historical and modern topography. To date the branch has listed and collated the names of 100,000 Ontario cities, towns, rivers and lakes.

The older established areas of Southern Ontario presented no great problem as the town sites, counties and townships were in the majority of cases named after similar locations in the United Kingdom. It was the Indian names and designations with as many as eight interpretations of spelling that presented the problem.

The spelling of Indian names in Canada has been the bane of both the topographer and tourist until an effort was made by the Dominion Geographical Board in co-operation with the provinces toward standardization. In the Indian languages it was found usual to identify an area according to local geographic conditions. Thus the "Place of the White Rolling Sands" or "Penetanguishene" was the outcome of Indian phrasing and phonetic spelling of the early settlers.

The white man's tendency to condense the Indian sentences into one word and then spell the word according to sound, presented the Survey Branch with the problem of standardizing numerous interpretations of place names. One such example is the Matabichuan, or Hare River, that flows into Lake Timiskaming. Until standardization of spelling brought relief to the map makers, if not to the average person attempting to pronounce the tongue-twisting Indian words, as many as eight interpretations of this name were in common usage. Another forward step toward overcoming the effects of phonetic spelling by early topographers was the shortening of Indian words whenever possible, as in the case of Kwasow, pronounced Que, to simply Kw.

Without any effort to change accepted Indian names except in the case of duplication the Survey Branch found that many names commonly believed to be true Indian names were merely corruptions, and had their birth in the imaginative interpretations of early settlers. The area surrounding the Muskoka Lakes, now designated as "Muskoka," did not Lakes, now designated as "Muskoka," did not arrive at the present simple pronunciation and spelling without a struggle. Research disclosed that the name had evolved from the name of a great chief of the Huron tribe, Musquash, now the name of a river in the Musquash, now the name of a river in the area, and corrupted by white settlers into Muskosh, and finally into Muskoka.

In the case of the word Ontario there is a question whether the meaning in Indian is "Handsomeness Lake" or "Sparkling Water." Authorities on the subject are at variance in the matter of interpretations. An Indian warrior may have expressed his admiration for the body of water on Lake Ontario, thus for the body of water on Lake Ontario, thus naming the lake, and at the same time adding a colorful word to the language of the Indian white man who was to follow. The Indian fair for simple, direct phonology is seen in Lake Nipissing, which means "Little Body of Water."

Primitive trade and commerce with other tribes caused the Ojawa tribe to be known as "traders" or "Adawa." Later corrupted to Ottawa by the early missionaries and settlers. As the Adas, or Ottawa River, was the main avenue of trade with other tribes, the name was applied to the river, and later grew to include the whole valley inhabited by the tribe.

The influence of the Indian languages is naturally felt to the farthest reaches of

the province. Hundreds of rivers and lakes still retain the Indian designations handed down from generation to generation and now officially perpetuated by the Geographical Survey Branch. Even the redman's retreat before civilization has not cost the province any of its colorful nomenclature. Recently a Department of Lands and Forests survey party noted that a jutment of land in Lake Albitibi had a designation, one Indian Point and the other McDougall Point. Investigation cleared up the confusion of names. The only inhabitant of the point was on old Indian with the name of McDougall. The Point is now listed in all official maps as McDougall Point—at the insistence of the Indians.

Humor sometimes creeps into the work of the Survey Branch. Research into the origin of Ohwatowess Lake disclosed that a member of the survey party had fallen into a small Northern Ontario lake and the result was a name paraphrased along Indian lines.

MEANING OF NAMES

BOYS' MEANING

Albert—Firm
Allen—Cheerful
Arthur—High-minded
Bruce—Positive
Charles—Manly
David—Beloved
Donald—Fruitful
Douglas—Thoughtful
Edward—A guard
Ernest—Serious
Frank—Dutiful
Fred—Peaceful
George—Wealthy
Gerald—Affectionate
Gordon—Generous
Harold—Unafraid
Henry—Home ruler
James—The supplanter
John—God's gift
Kenneth—Handsome
Richard—Steady
Robert—Winner
Thomas—Good company
William—Resolute

GIRLS' MEANING

Ann—Gracious
Audrey—Golden
Barbara—Shy
Catherine—Pure
Clara—Clear
Constance—True
Doris—The sea
Dorothy—God's gift
Edith—Tail
Eleanor—Light
Elizabeth—God's promise
Evelyn—Hazelnut
Florence—Flourishing
Gladys—Demure
Grace—God's blessing
Helen—Light
Isabel—God's promise
Jean—Loving
Lillian—Lily pure
Margaret—Child of light
Phyllis—Oily
Ruth—Friendly
Susan—Trusting
Virginia—Innocent

Better slip with foot than tongue.

And make them look like old things.

Blame-all and praise-all are two blockheads.

Would you live with ease, do what you ought, and not what you please.

Hot things, sharp things, sweet things, cold things, all rot the teeth.

Be temperate in wine, in eating, girls, and cloth, or the gout will seize you and plague you both.

CAR ACCIDENT

Councillor Grossmith stated that he thought there was no way to control smoke where a heavy forced draft of steam was present. On a motion by Scott and Price, the Roxy Theatre was granted permission to run a midnight show on Monday morning, Sept. 9th.

Some contention was caused in council because of the sale of three lots on Fairview Ave. R. H. Potter had applied to buy Lot 45 beside his own lot so that no one else would build on it and Lots 35 and 39 across the road for his daughter. This application was made on February 23, 1949, but apparently the letters did not for some reason come before council at that time.

He applied again on July 10, 1949. In the meantime, Mr. Gordon May had been in touch with Councillor Braid, Chairman of the Property Committee by phone, in regard to buying Lot 39. He had made formal application for the Lot on August 8, 1949.

The question was who was entitled to Lot 39. By motion Lot 45 was sold to Mr. Potter but Mr. Potter did not want either 35 or 39 unless he got both. One segment of Council felt that Mr. May should have Lot 39 because he would build soon and the town would gain in taxes. Another segment felt that if council had acted on the first application for the Lot last February that Mr. Potter would have had the Lot. Also it was pointed out that both Potter applications were previous to the by Mr. May. Since there was no actual restriction as to what was to be done with the Lots sold it was felt by this group that the Potter application should be considered first. It was then pointed out that Mr. Potter had waited from February until July to follow up his request.

The result was a motion to sell the Lot to Mr. May by Lothian and Anderson on which there was a split vote which was recorded as follows:

Yea: Price, Anderson, Grossmith, Lothian.

Nays: Braid, Constable, Scott.

Mayor Lewis did not vote because Mr. May was his employee. Lot 28 was offered to Mr. Potter.

The council considered the financial statement up to date as to how the town stood on its estimates for 1949. This brought up the question of expenses in regard to police work which were running higher than expected. Police Commissioner Scott pointed out that although the expenses were high the Department would for the first time have an inventory of real value this year. It was stated, however, that the expense of the trips to St. Catharines with prisoners was rather high in view of the small proportion of the resulting fines which came back to Grimsby. The Mayor intended to look into the matter.

Councillor Braid asked council for an increase in the wages of Cemetery Superintendent C. Walby. The motion was defeated by council on the grounds that if his salary was increased because he was doing a good job and because his helper was getting the same wage for less responsibility it would cause trouble among other town employees.

Following motions and reports were presented and passed.

Water Report:

Meter Reading, July 31, 1949—192,840,000 gals.

Meter Reading, June 30, 1949—171,228,000 gals.

Pumped in July, 1949—21,612,000 gals.

Average per day, July, 1949—697,161 gals.

Biggest Day, July 4, 1949—881,000 gals.

Smallest Day, July 10, 1949—388,000 gals.

Increase Over July, 1948—2,865,000 gals.

Increase in Average per Day over July, 1948—22,419.

Diesel Pump ran 36 1/2 hours.

Low Lift Gas Pump ran 28 1/2 hours.

Traffic Fines—\$31.00.

Motions:

Braid-Lothian—That Lot 39, Plan 143, be sold to Reginald A. Beech for \$150,000.

Braid-Scott—Bylaw establishing Recreational Council approved.

Lothian-Price—Relief accounts for July, 1949, amounting to \$92.07, be passed.

Anderson-Constable—Joint Fire Committee Account per voucher list No. 8, 1949, amounting to \$61.74 be passed and paid.

Lothian-Braid—General Voucher List No. 9, 1949, amounting to \$10,095.36 be passed.

Grossmith-Scott—That Building Permits be granted to the following:

Anderson-Mottor Sales, Francis J. Burton, Peter Kardaliska, Roy Mino, Metro-Polishchak, C. C. Gibson, H. Beamer, Roy N. Pielt, C. Lewis, D. B. Marshall, Sam Lentz.

Braid-Grossmith—A motion asking the Grimsby Water Commission to co-operate in amalgamating their outside men with the town's under one supervisor.

Braid-Lothian—Lot 30 be sold to O. Cosby for \$150,000.

One of the fifty race horses currently known for their speed on muddy tracks is called "Dusty."

WEST LINCOLN GIRLS IN FINAL ACTION

West Lincoln Girls' Softball swung into final action for the season as semi-final playoff action started as well as post season exhibition tilts.

In playoff action the Grimsby Beach entry walloped the league leading Caistorville club by a score of 27 to 9. Sprout was outstanding on the mound for the Beach and Blackmore at second was in her best form of the season. Caistorville had good pitching but little support behind it.

In post season exhibition the Grimsby Ukrainian Youth Association team has exploded into a winning streak which would have been well worth while had they made a playoff position in the league.

Last Friday they took the second place Grassie club into camp by a 14 to 7 count. On the mound for the locals was Johnson and Zalec with Kun behind the bat. For Grassie Vickers was on the mound and Boyko did the backstop's chores.

Last Tuesday the girls again came through with a win over the at present fourth place Stoney Creek team. Grimsby's battery was again Zalec and Johnson and Kun. Stoney Creek batteries are unavailable. The score here was Stoney Creek 7, Grimsby 10. There might have been a bigger margin for the Grimsby Girls had the pitching for the Creek not been so tight.

An exhibition game is scheduled for tonight against the Westinghouse girls team from Hamilton. This club is reported to be of Senior quality and it is expected that they will provide real opposition for the high flying locals.

STUDY TUBERCULOSIS

Every Indian school in British Columbia will, during its next academic year, include in the course of health study a unit devoted specifically to tuberculosis. This unit has been prepared by the doctors of the Indian Health Services in British Columbia in co-operation with the Indian Affairs Inspector of Indian Schools for that province.

CARLING'S

CONSERVATION CORNER

WELL, OLD MAN—THAT'S A GREAT DAY'S FISHING! BUT SOMETIMES I CAN'T HELP WONDERING HOW LONG IT IS GOING TO LAST—MAYBE WE FISHERMEN AND HUNTERS SHOULD DO SOMETHING TO SAVE OUR SPORT

THAT'S A GREAT IDEA! LET'S HAVE A LOOK AROUND AND SEE WHAT WE CAN DO

SO THIS IS "DEERLICK". IT'S GOING TO TAKE A LONG TIME TO DO MUCH WITH IT, BUT THEN NATURE HAS TAKEN A LONG TIME TOO

WE MIGHT AS WELL START WITH TREES, THEN MAYBE A DAM AND TROUT POND

GUESS THAT MAKES ABOUT ONE HUNDRED AND FIFTY THOUSAND TREES NOW. AND BETWEEN FIFTY AND SIXTY VARIETIES, TOO!

AND THINK OF ALL OUR PHEASANTS, DUCKS AND GEES! THIS PLACE HAS TAKEN A NEW LEASE ON LIFE

THIS BEATS ANYTHING I COULD HAVE IMAGINED! OUR OWN TROUT POND—AND NATURE ALL AROUND

YES, "DEERLICK" WAS JUST A DESERT IN 1942, BUT IT SHOWS WHAT YOU CAN DO FOR CONSERVATION IF YOU PUT YOUR MIND TO IT

A. S. Wagner and F. S. Searrow of Delhi, Ontario, deserve the highest praise for their contribution to conservation. Their efforts have made a beauty spot of once worthless land.

— All Welcome —

Mr. and Mrs. Waldo G. Nutting signing the register after their wedding at Trinity United Church, Grimsby, on Saturday, July 16th. The bride is the former Margaret Fisher, daughter of Mr. and Mrs. James Fisher, Grimsby, Ontario. The groom is the son of Ann G. Moore, Alderhot, Ont.

GREEN TREES GUESTS

Mr. and Mrs. Kenneth Leonard, Woodbridge, N.J.; Mr. and Mrs. Francis Lawrence, Shebriggville, N.J.; Mr. and Mrs. F. H. Brown, Cleveland, Ohio; Mr. and Mrs. Norman Fowler, Cleveland, Ohio; Dr. and Mrs. W. L. Anderson, Pittsburgh, Pa.; Mrs. W. G. Anderson, Shaker Heights, Ohio; Mrs. Mary Amundsen and Mrs. Alma Kruggel, of Cleveland, Ohio.

Mr. and Mrs. Oscar Amundsen, Chicago, Ill.; Mr. and Mrs. Harry L. Burns, Youngstown, Ohio; Mr. and Mrs. L. L. Maier, Belmont, N.C.; Mr. and Mrs. L. S. Tate, Belmont, N.C.; Mrs. L. Dono, Miss Mary Kish and Miss Louise Fenton, Cleveland, Ohio.

Mr. and Mrs. J. C. Orewer, Zelocope, Pa.; Dr. and Mrs. C. F. Harsha, Conemaugh, Pa.; Mr. and Mrs. W. M. Mott, Meadville, Pa.; Mr. and Mrs. Dennis Briggs, East Green Bush, N.Y.; Mr. and Mrs. E. R. Roseman and son, Cleveland, Ohio; Miss Lila Lento and Miss Donna Clevie, Chicago, Ill.; Mr. and Mrs. Edward King and three children, Crestline, Ohio.

Mr. and Mrs. Wilbur J. Dowell and daughter, Ellwood City, Pa.; Mr. and Mrs. Louis Mellen, Cleveland, Ohio; Miss Mary Ann Mellen, Cleveland, Ohio; Mr. Louis Mellen Jr., Cleveland, Ohio; Mr. and Mrs. K. F. McLaren, Toronto; Mr. and Mrs. Forest Scott, Cleveland.

IN MEMORIAM

COOK—In loving memory of Jack Cook, who passed away August 17th, 1948.

August brings and memories of a loved one laid to rest. He will always be remembered by those who loved him best. Ever remembered by Brother Cliff and Emily family.

CARD OF THANKS

We wish to thank our kind friends and neighbors for their acts of love and sympathy during our recent bereavement and also extend grateful thanks to all who loaned cars to Miss M. Dixon and Provincial Police of Grimsby. Mrs. N. Kusko and family.

Masons Attend Grimsby Beach Church Service

On Sunday in the boys' tabernacle, the Rev. Charles Perkins of Belleville, preached at both services. Morning solist was Mrs. David Hunter, of Cornwall. In the evening the Masons of Union Lodge, Grimsby, and Wilkinson Lodge, (chartered of Grimsby Beach) attended service. Over 100 Masons gathered at Bell Park, accompanied by Alfred Clark, W.M. of Union Lodge, and George Gaylard, W.M. of Wilkinson Lodge. Evening solist was Mrs. Herbert Canning, of Beamsville.

Government records show that at April 1 of this year Canadian industrial employment reached an all-time high for this period of the year.

Largest single item in Ottawa's budget estimate is interest on our public debt—a cost to Canadian taxpayers this year of \$847,800 a day.

Nuptials

BLACK-DUCK

On Saturday, August 8th, at 2:30 p.m., in St. John's Presbyterian Church, Grimsby, Jean Marie, younger daughter of Mr. and Mrs. F. E. Duck, Grimsby, was united in marriage to Mr. Stanley Claude Black, only son of Mr. and Mrs. Fred Black, also of Grimsby.

The Rev. J. P. McLeod officiated. Given in marriage by her father, the bride wore a white satin gown, having a net yoke edged with satin beaded flowers. Her floor length veil was caught to a matching headpiece and she carried a shower of red roses and carnations.

Mrs. Wesley Sherritt, sister of the bride, as matron of honour, wore lavender taffeta with matching headpiece and carried yellow gladioli.

Miss Irene Young, wearing green taffeta with matching headpiece, carried pink gladioli, and Miss Jean Duck, Toronto, wearing yellow taffeta with matching headpiece, carried lavender gladioli, were bridesmaids.

Mr. Harry Lampman, Hamilton, cousin of the groom, was best man. Messrs. Gerald Stuart, Hamilton, and Ronald Duck, Grimsby, were ushers.

Miss Greta Ormiston was organist. Mr. Donald Hurst sang "Because" before the ceremony and "I Love You Truly" during the signing of the register.

Ninety guests attended the reception held at the home of the bride's parents, Mrs. F. E. Duck received in figured blue jersey set with white accessories and wore a corsage of red roses. She was assisted by the mother of the groom wearing navy blue petit point with white accessories and a corsage of lilies.

After the reception the guests visited the home of the bride and groom at Grimsby to see the wedding gifts.

For the honeymoon trip to the Thousand Islands and Georgian Bay the bride travelled in an ensemble of pale blue gingham with white accessories with a corsage of pink carnations, and wore a Russian fur neck-piece, the gift of the groom.

On their return they will reside at Grimsby, Ont.

An ancient remedy for fever was to wash the water over the patient and on to a frog, to which the fever was supposed to pass.

CLUB

The August meeting of the Beaver Club was held on Monday evening last, at the home of Mrs. Robt. Cole, Grimsby Beach.

The meeting opened with the Lord's Prayer, repeated in unison, followed by the scripture reading by Mrs. W. Lawson. Mrs. Andrew Smith, Mountain Street, has kindly offered her home for the next meeting to be held on Monday, Sept. 19th, at 8 o'clock. After a short business session the meeting closed with the Muzak Benediction.

During the social hour which followed, lunch was served by Mrs. E. McCallum and Mrs. W. Lawson.

CARD OF THANKS

Mr. and Mrs. Kurelek would like to thank their kind friends and neighbors who assisted in putting out the fire which threatened to destroy their farm building, last Wednesday.

Grimsby Beach

MISS MAY CRITTENDEN,
Resident Staff Correspondent.

Telephone Your News Items To Her.

Dr. and Mrs. R. Fralick of Toronto, spent the weekend at the home of Mr. George Jarrett.

Mr. Gen. Chadwick of Montreal, and Mr. and Mrs. Lewis G. Winter of Lakewood, Ohio, spent a day with Mr. and Mrs. W. Furniss Clarke, Park Rd.

Mr. and Mrs. Fred Hunter and Diane of Hanover, are spending a week at the home of the former's parents, Mr. and Mrs. W. Hunter Central Ave.

Mr. P. Thornhill from British Columbia has purchased the home of Mr. and Mrs. Robert Walters, who are now building a new home on the corner of 1st and Park Ave. East.

Mr. and Mrs. R. M. Edgar have sold their lovely home on Central Ave. to Mr. W. L. Middlestead of St. Catharines. Mr. and Mrs. Edgar plan on going South for a time for Mrs. Edgar's health.

Mr. and Mrs. George Fair and son of Orlando, Fla., and Mrs. Fair's mother, Mrs. Hotelling of Albany, N.Y., are visiting Mr. George Fair and Mr. and Mrs. Robt. Cole.

Miss Jean Grey and Miss C. Snowden arrived on the Empress of Britain, August 10th, from Tynemouth, Northumberland, England, to be the guests of Fred and Mrs. Jewson. Miss Grey left for Banby, Alberta, on Sunday, where she is interchanging with a teacher who will teach at Monksweston, Northumberland. Miss Snowden, who is interchanging with a teacher from Lakeshore Blvd. Public School, and who was stationed during the war at Eastbourne in the R.C.A.F., will be the guest of the Jewsons until she goes to Toronto in September. Both girls visited Montreal and spent five days in Ottawa and thought the latter city wonderful. They visited the Falls Thursday evening when the lights were on, before Miss Grey left for the West. Miss Snowden was in Hamilton on Tuesday, meeting a teacher who has been in Canada teaching a year in Galt and a year in Calgary, returning on Thursday for home. All these girls are from Mrs. Jewson's home and are teacher friends of her niece, Miss Hilda Nicholson, of Tynemouth.

month High School. Although suffering from the extreme heat after leaving a temperature on the north east coast of 80 degrees, they think Canada is wonderful and remarked about the wonderful fruit and were amazed at the variety and quantity of food in the shops. They visited the shipping platform of A. W. Eickmeier and Son and saw cars being loaded and the fruit going out by truck and express. Mrs. Jewson is sure the teachers going to her home town will be received warmly and have a good time at that wonderful seaside resort where so many of our Canadian boys were stationed during the war.

THE HOMEMAKER'S CORNER

Dear Homemakers! I thought I would chat with you this week about picnic suggestions. It is a good plan to keep in a dust-proof box under the seat of the car, some paper plates, cups, spoons and serviettes. If when out driving you suddenly decide on a picnic, you have only to stop at some point along the road, and buy a few sandwiches, ice-cream and what-ever else happens to please your fancy, then drive to some shady spot and enjoy an impromptu repast in comfort. Another suggestion is to keep in the picnic hamper a set of small screw-top jars such as mayonnaise and other food products come in, and have them labeled sugar, butter, cream, pickles, coffee and so on to serve as a reminder of the necessary accessories when a lunch is hastily packed. The result is that you will not have the annoying experience of arriving at the picnic to find no butter for the buns, or worse still, what happened to one family, have a coffee pot, a fire, but no coffee.

Now for some Sandwich Filling suggestions.

I think the old standby is cooked ham put through the mincer with a bit of onion, and then blend in some mayonnaise.

Chicken and Pecan Sandwiches
To 2 cups chicken chopped, add 1/4 cup chopped pecans, 1/2 tsp. lemon juice, salt and pepper to season and just enough salad dressing to moisten.

Tomato and Bacon Sandwich
Cut bacon slices in half. Cook and drain to get rid of surplus fat. Peel tomatoes and cut in thin slices. On buttered bread arrange a layer of sliced tomato, bacon, and shredded lettuce. Sprinkle with salt and pepper.

Peanut Butter and Relish mixed together make a good filling. It does not taste like peanut butter nor relish but has a taste of its own.

Other excellent Sandwich fillings are—

Creamed cheese moistened with salad dressing mixed with pimento.

Devilled ham, sliced onion, and cucumber combined with salad dressing.

Any cooked meat chopped or put through grinder and combined with minced hard cooked egg and salad dressing.

Hard boiled eggs chopped and combined with chopped onion and salad dressing.

Watercress, sieved hard cooked egg and sliced cucumber.

Cottage cheese with chopped crisp bacon and pickle.

Scrambled egg and grated cheese moistened with salad dressing.

Tuna fish and chopped celery combined with mayonnaise.

Cold sliced meat seasoned with horseradish or mustard.

Tuna fish, hard cooked egg, chopped sweet pickle combined with salad dressing and a crisp leaf of lettuce.

Salmon Sandwiches
3 tbsp. cooked salmon, 1 tsp. mayonnaise, salt and pepper, small rolls, butter, cucumber or cream. Remove skin and bone from salmon and break it up in a bowl with a fork. Moisten with mayonnaise and season to taste. Split and butter small finger shaped rolls and spread with salmon mixture and thinly sliced cucumber or a little cream. Cream or parsley may be used for garnishing.

The next is a delicious sandwich spread given to me by Mrs. Roy Parke of Winona. It is called Cheese Sandwich Spread.

One 8 oz. package cheese (preferably Richelieu as it blends in the best), 1/4 cup butter or margarine, 3 well beaten eggs, 1/4 cup vinegar, 1/4 cup white sugar, 1/4 cup milk, 1 tin pimento chopped fine, 2 green peppers chopped fine, 3 ts. mustard, 1 tsp. salt.

Method—Place in top of double boiler over hot water, the cheese, butter and milk. Add well beaten eggs, milk, sugar, mustard and salt. Add vinegar last. Stir and cook until consistency of cream. It will thicken more as it cools.

GOOD BUY FOR SUMMER

By ALICE ALDEN

ON THE STORE racks are nice little frocks with a summer look, yet quite capable of taking a girl into early fall without looking at all out of place as the new clothes trends make themselves known. Celanese jersey, soft, silky rayon jersey, printed in a neat design, makes one such dress. It has uncluttered lines, an open-throat collar, a gathered skirt and a wide cummerbund in a contrasting color. It packs easily and the wrinkles hang out so it is a good choice for the vacationer.

Strictly Canadian by Claire Wallace

Ready, girls, to take it on the chin after the etiquette beating you handed the boys last week?

As mentioned then, an Ontario high school teacher questioned his classes of 15 girls and boys on the subject of etiquette. All the pupils said what they feel are the most frequent mistakes in good manners, on both sides. I reported in last week's column, the various ways the girls wish the boys would improve. Now, let's see what the boys think about the girls' manners, good and bad.

Boys rebel, practically to the last man, at seeing girls comb their hair in public places, applying make-up or adjusting stockings. Most of the teen-age boys condemned smoking in public on the part of girls, which only proves once more that the sterner sex prefers girls and women to be lady-like and feminine.

Giggling girls are the bane of boys' existence, nor do the lads want a girl who "hangs on to them" all the time. As one expressed it: "If a girl is out with a guy to a dance, she shouldn't hang on to him as though he's gold or something, but should let him be around with his other friends."

Talking all the time, laughing too loudly, using a swear word or slang, are things boys strongly condemn in a girl. Anything that is coarse or vulgar in her language or behavior, the boys do not like. Time and time again in their written remarks, they show they approve of gentleness and refinement, and are most proud to escort and befriend, girl of this type.

No, the don't like crazy hair-do, or too short skirts.

This recipe makes approximately 1 quart and will keep indefinitely. It is an excellent spread for lunches. It is also ice on toast and can be used in omelette sandwiches, too.

I know his is getting a little away from the subject of picnics, but am citing with the following helpful hint. If you wish to go away on a picnic for a week or ten days and you have some potted plants, you can keep them in good condition; you place some bricks in the bottom of a tub and then pour in enough water to cover the bricks, place the plants, on the bricks and they will draw up the moisture as they need it. If the plants are well watered when you leave they will keep in good condition at least two weeks.

Evelyn Budge.

They dislike familiarity, and yet they are against a girl being "too stuck-up." Natural friendliness is the happy medium.

Whispering in company and gossiping or making remarks which will hurt the feelings of others, are taboo. Beware of making sarcastic remarks, girls. The boys feel that's the first step toward becoming a nagger.

Nothing burns a boy so much as to spend his hard-earned allowance on taking a girl out, only to have her rave about the good time she had with another lad. She is probably trying to sound popular, but it has the reverse effect on him.

Remember to say "please" and "thank you" for attentions given and favors bestowed. The boys themselves may forget to say these three little words, but they are the first to notice and remind it, if girls lack the courtesy to express appreciation.

Be honest, please the lads. Don't blame them for everything. When you are wrong, and know you are, admit it and say you are sorry; that's the nice girl.

Readers are invited to write Claire Wallace about their etiquette problems. Address Claire Wallace, care of The Grimsby Independent, Grimsby, Ont. Replies will appear in this column.

Questions and Answers
Q. When entertaining house guests and the time for departure looms up, should the hostess, in politeness urge them to stay longer?

A. No. And the guest should not remain longer than the time stipulated in the invitation, even if asked to stay on.

Q. In visiting a sick friend, is it all right just to drop in, or should you telephone and enquire if it will be convenient?

A. Much kinder to find out if the sick person can have a visitor that day, and the most convenient hour for calling.

Q. This Christmas, I'm giving my photograph to a class attending university. Should I sign the picture and write a message on it?

A. No. It's in better taste not to do so.

Q. At a dinner party, does the guest of honor or the hostess sit down first?

A. The hostess. She is the head of the table and the guests take their cue from her in being seated, unfolding the napkin, and rising from the table. In being served, the guest of honor comes first.

BETSY DRANE

Big doings have been transpiring at the Beamsville Fairgrounds of late. Recently the Hon. Charles "Tod" Daley visited with the Beamsville Citizens' Band as they held a massed band concert to officially open the new bandshell, of which they are justly proud. The new shell adds considerably to the appearance of the grounds, and the scene is further enhanced by the painting of the grandstand and the erection of a "racing" type fence. In the above photo are six men who took part in the opening ceremonies. Tod Brown, bandmaster of the Beamsville Citizens' Band, who shared conducting honors with Mark Fairchild, conductor of the Welland Concert Band, and Harold Patterson, bandmaster of the R.H.L.L. Band of Hamilton. Front and centre are Charles Shepherd, President of the Beamsville Band, and whose efforts were largely responsible for the erection of the new bandshell. Next is Tod Daley, who presided along with Reeve Franklin Laundry at the proceedings. The Band is currently practising for the forthcoming Canadian National Exhibition in which they are again entering, and also for the Beamsville Fair which is scheduled for the 8, 9 and 10th of September.

WINONA CARNIVAL RATED BEST EVER STAGED BY LOCAL LEGION

With a thunderstorm clearing at the last moment, and a fresh breeze breaking the long heat wave, the night of August 11th went on record for "the biggest and best" Annual Carnival of the Winona Legion, ever held.

The crowds came pouring in all evening, from Beamsville, Grimsby, and many from Hamilton as well. Cars were lined up both streets cornering Winona School Grounds. A good few license plates bore the legend of U.S. tourists, who happened in after seeing the lights, and stayed, and stayed!

The veterans of the Winona Branch of the Canadian Legion (194) have always gone all-out to make the night a success, and they didn't fall down on this one. With a grand prize of a free trip to New York City for two, including tours of the city, Rockefeller Centre, Television studios, National Broadcasting studios, a yacht trip around Manhattan, and dinner dancing at the fabulous Diamond Horseshoe; a special Quiz program presented by "Did I Say That" with cash prizes; and an extra draw for a pet skunk were only a few of the attractions that made the night exciting to all.

As to the games, the huge Bingo table offered as prizes kitchenware, etc., well worth taking home, with all seats filled until closing time, and at times a line-up waiting to play. Selling tickets and taking in cash was Bob McIntyre, in charge of the table, as Syd Jones "stood up" under four hours of calling "under the B-42, under the G-81" into the P.A. system. Helping were Frank Hill, Bob Griffith and others. The first "Bingo," a shining aluminum kettle was carried off by a little four-year-old girl, who clung tightly to her prize all evening.

There were the booths of the "old army game" and other games, with the participants as usual about three deep, and all trying to lose their money fastest. Manning these booths were Llewellyn Smith, Alastair Smith, and Jack Davies. Art Biggar kept the crowds moving up to the Munkety booth, a new one this year, where anyone who had a steady aim and a good trigger finger could win cigarettes. The Penny Pitch never fails to lure, and Ross Harris kept raking these pennies in. At the "cat" game, the slightly dated heads of Hitler, Hirohito, and an unnamed gentleman were hammered thoroughly for cigars, under the direction of Mike Glasco. The pop of punctured balloons sounded often but not as often as the poppers, hoped at the dart and balloon stall, run by Pat Bankier. For the kid-run fish pond vied with a roundabout for excitement, as Mrs. Syd about for prizes for each new Jones found prizes for each fisherman. On the roundabout, complete with sailboats to which along, expressions of the faces of

the youngsters ran the gamut of grinning nonchalance from the older ones to shining eyed seriousness of the tiny tots.

During the Quiz Show, run by Harvey Dodds of "Did I Say That" fame, a spirited exchange of questions and answers occupied fifteen minutes. Called to the stand first was J. Arthur Biggar, President of the Legion, who told the crowd that the Carnival was being held to supply the final amount needed to clear off the new Legion Hall, as a finished project. \$500.00 was needed, he said, and hoped that the end of the evening would see their hopes realized. He then led off the Quiz, with correct answers to a popular music question, and was followed by contestants, Mrs. J. A. Biggar, Ozzie Prentiss, Pat Wilson, Walter Sheen, Billy Harris, Maurice Dopke, R. Bennett, Bruce Walker and Johnny Moore. Those interviewed will have the chance of hearing their voices again in a re-broadcast again over CFRB and CHML on the nights of August 23 and 30th, at 7:50 p.m. and learning if they won or not.

The end of the evening saw the big moment, the Drawing for the Free trip to New York. Excitement ran high as little Audrey Howie dipped into the big barrel and the winner was found to be Jim Coleman, King Street, Stony Creek. It was found later that Jim won't be very interested in dinner dancing at Billy Rose's Diamond Horseshoe, not much at all. The grandson of P. J. Harris, he's only ten years old, and he will take the money, please!

The glistering and friendly little (de-skunked) skunk in the red cage was won by George Martel, who declined his prize, asking that it be raffled off to the highest bidder. After a good battle of bartering it went to Mrs. James Kinnear of Community Beach.

There was a steady run on the refreshments all evening, and Tommy Thomasson claimed to have poured hundreds of gallons of orange crush and chocolate milk. A cool drink calls for something to eat, and at the Hot Dog stall, it

(Continued on Page 9)

SALTFLEET COUNCIL WILL NOT GRANT MORE LIQUOR LICENSES

At the regular meeting of the Saltfleet Township Council last Tuesday, a discussion was held of the application for liquor licenses on the part of two Saltfleet establishments. The Council passed the resolution to be considered by the chairman of the Liquor License Control Board, that the Saltfleet Township Council are opposed to the granting of any further liquor licenses for the township. It was

agreed by all that the problems arising from many of the places now possessing liquor licenses made the desirability of any more, unfavourable. Said Councillor G. M. Pound, "It may not be altogether fair that one hotel owner or a few such owners should get all the business in the township, but at the same time, we don't want any more liquor licenses granted in the municipality."

The rest of the meeting was light with one or two minor by-laws being passed, but it was felt that the liquor question was the most important, and the discussion will be taken up thoroughly again at the next meeting on Sept. 5th, when Mr. F. B. Seaman, Secretary, will have heard from the Licence Control Board.

SOCIAL NEWS

Miss Viola Smith has returned after a long vacation spent at Deep River.

It will be good news to the countless friends of Mrs. Keith Millikin to hear that she is progressing very well after entering St. Joseph's Hospital to undergo an operation. Her physicians report that in view of her excellent recovery she will be able to return home next week, if all goes well.

Miss Marie Ecker of Harmon, is spending three weeks vacation with her aunt, Mrs. Norman Ecker in Winona.

Congratulations to Clifford (Bud) Barnard on his coming wedding, to Miss Helen Jones, of Hamilton, on September 10th, at St. James' Church.

Mr. and Mrs. George Osher spent two weeks at Rice Lake, near Cobourg, vacationing, and have just returned.

Mr. and Mrs. G. Morton Found and young family are spending a short holiday in Sault Ste. Marie.

Friends will be pleased to know that Mr. Francis Fletcher has re-

turned home from the Hamilton General Hospital where he has been confined during the past week.

Mr. and Mrs. H. W. Tenny have Mr. Tenny's father and mother visiting for a month from Fort Lauderdale, Florida.

LANKEY knows all the "short cuts," he has the answer to every building or remodeling problem . . .

FAMILY CHEATS DEATH AS GIRL BRAVES BLAZE

Ethel Dawson, 15, of Orono, Ont., prevents tragedy as home burns

It was 4 A.M. when Ethel Dawson awoke, choking and blinded by smoke. Seeing flames, she rushed to the next room and snatched her two young brothers and sister from their bed. Flames were everywhere as she guided the children down the stairs and outside. Carrying young Dick, she tried to calm the other two — although her own heart

pounded with fear for the children's safety.

Re-entering the house, she aroused her parents. Less than 5 minutes after all were safe, the house was a mass of flames. "We have Ethel to thank for being alive," said Mr. Dawson later. We are proud to present THE DOW AWARD to Ethel Dawson of Orono, Ont.

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, selects winners from recommendations made by a nationally known news organization.

NO HANDS, WRITES CHEQUES THAT BOUNCE

—Central Press Canadian—
Armless 22 years, Los Angeles truck driver Carl C. Moody, 55, demonstrates how he writes checks holding pen between his teeth. What makes this news is fact that work has been scarce and he wrote a bad one, to get groceries for his wife and 14-year-old daughter, he said. He's serving 30 days. Moody holds a non-restricted chauffeur's license, drives standard-type trucks.

SPORTRAYAL
By "HIGH" MCGREGOR

We came very close to having a championship softball team here this summer, but could not muster enough fighting spirit to down Beloit's Bombers from Smithville. Even Manager Doc Schwab deplored the fact that his Peach Kings did not allow sufficient fight to beat their way out of a wet paper bag. It's a bit difficult to ascertain just when a team is playing good ball, but yet not the kind of ball that is required when the chips are down.

It was apparent in the final game, that as many Grimsby batters made their way to the plate, they perhaps unconsciously felt that Beloit was just too good to hit. . . So why worry. Beloit is good . . . but he can be hit . . . if the spirit is willing.

In this next series with the highly touted Stoney Creek team, the Kings have nothing to lose by going all out and fighting their way to a win over a team which the experts are calling to win. The Kings are plenty good enough to trim 'em, and with plenty of fight they may just do that. Watch the fans' support is of utmost importance, so hop in the hot red to-night and support the Kings at the Stoney Creek park.

Briefly spoken. . . Billy Coffman placed third in his heat at Akron, in the All-American Soap Box Derby finals. Beamsville Pair is featuring field day competitions for children of high school and public school ages this year.

After a short lay-off the Grimsby Baseball Firemen swing back into action this Saturday against the Dunnville Mudcats Intermediate B entry. The Firemen have been hot and cold recently against their old rivals, Caledonia and Studebaker, but this Dunnville crew is new opposition. The Mudcats have been playing in a league with Fort Erie, Crowland, Ridgeway, etc. The playoff action has started in the loop with Dunnville in action against an apparently stronger Fort Erie crew. The final results of the series are as yet unknown but it is expected that Dunnville will fill this week.

It is the Mudcats' intention, however, to go on with exhibition activity and the local club will be their first rival after the playoffs. The first game will be in Dunnville and the return will be played in Grimsby on Saturday, August 20, at 2:30 p.m. This will be good competition for the Firemen and should prove to be a good series.

Playoff time for the Bentley Boys is getting very close with first action to start for sure around the 27 of August if not earlier. Prospective opponents are Caledonia but this team yet not established. Watch the bulletin board at

MEDS IN ARCTIC
Direct from Queen's University, Kingston, Ontario, a six-man medical expedition has arrived at the head of Hudson's Bay, to conduct medical research among the Arctic Eskimos and animals.
This Queen's group under Dr. Malcolm Brown will study effects of climate on 14th, high incidence of certain diseases among Northern inhabitants, lack of vitamins and presence of parasitic infections.
Investigating effect of cold on the Eskimo's effect of diet on building his resistance to infection make an important part of the work.

BILLY COFFMAN—A FINE AMBASSADOR AT AKRON DERBY FINALS
Bill Coffman today was just another boy among the 29,999 from Panama to Alaska who set their sights on world fame as winner of the 12th annual All-American Soap Box Derby. The 30,000th boy, bespectacled Freddie Derka, 15-year-old carrier boy for the Akron Beacon-Journal, was the one Lady Luck chose to ride with.
Freddie, 15-year-old country boy, helped his dad cut down an 80-foot black walnut tree on their farm, and then carved out a winner which brought him from the host town to the \$5000 college scholarship, medals, trophies, and fame and fortune from newspapers, movies, television and radio.
Bill Coffman, who won over 67 contestants in St. Catharines, July 16th, was in the sixth of the 75 elimination and final heats. The race went with clockwork precision as usual, and Bill's silver racer proudly carrying the Maple Leaf emblems started down the 975-foot slope at nine minutes after two. Just 28 seconds later Bill flashed across the finish line third in his heat, and eliminated. He was about three car lengths behind the heat winner a lad from Dayton, Ohio, where the original Soap Box Derby took place in 1933. The Dayton boy was eliminated in the next round.
After the race, Bill was like all the other boys. He was disappointed—not because he had lost the glory of the grand championship. But because he felt he had let down his supporters back home. He felt he owed them a champion's performance, and that character in itself proved he was a champion. He talked briefly about his wheels, which he felt were a little sticky, but he didn't want to make excuses. He gave in gamely to defeat, and later he'll satisfy himself about those wheels.
Use of power tools was ruled out in making cars for this year's derby and this may have accounted for slightly slower times than last year. Clocks to the hundredth part of a second by magic-eye timers, the Derby racers ran the course with little more than one second's difference. Fastest heat was by nearby Cleveland, with 27.63 seconds. Slowest winner was clocked at 28.26 seconds. Try to do something in that 1.23 seconds separating the two and you'll see how nearly equal all cars were.
A crowd of 60,000 jammed the permanent course at Derby Downs where a 30-minute parade of bands, drum majorettes and floats preceded the race. The weather was hot and clear, with light breezes blowing across and up the track. Overhead blimps, jets, and planes from the U.S. army and navy filled the sky. Prominent guests adding to color of the "greatest amateur racing event in the world" were the Governor of Ohio, Gen. Jimmy Doolittle, and screen star Jimmy Stewart, who spent part of his honeymoon mingling with the champs at their Derbytown Y camp, and with the newspapermen from 148 cities covering the efforts of "their boy."

The cars that kept in the race to the end were all long, low, highly polished, bullet-like cars, and this should be the style St. Catharines district boys should plan for the 1950 Derby. In Akron the experts claim that the most important thing is to make a car like that, and then to steer a straight course, particularly in the early

stages when the slightest wobble cuts drastically into the time of the heat.
So Bill Coffman joins the former champs of the St. Catharines Soap Box Derby. With him he carries memories of four glorious days which he will never forget. His parents, Mr. and Mrs. David Coffman of R.R. 1, Beamsville, enjoyed four exciting holidays, and his brother, Lewis, comes home determined to build a car that will win next year at St. Catharines and go on to win at Akron.

Bill Coffman met boys from all parts of North America. He lived like a king for four days. He took part in sports, he watched special sporting events arranged in his honor. He ate royally, and last night for the last time he returned to his camp cabin as motorcycle policemen carved a route for the champs' buses. In the cabin Bill has amassed dozens of souvenirs of his trip, among them a gold wrist watch.
But most important, Bill was a good ambassador of Canada, and learned how to win or lose like the champion he is.

Defends Two of Three Tennis Crown.

—Central Press Canadian—
Louise Brough, of Beverly Hills, Calif., played sensational tennis at Wimbledon, Eng., to successfully defend two of her three tennis championships. First she won the women's singles crown by defeating Mrs. Margaret Osborne Dupont in an all U.S. final. Then she learned with her conquered opponent to take the women's doubles. However, she lost out in the mixed doubles when she joined up with John Bromwich of Australia.

TURNING THE PAGES OF "CANADA UNLIMITED"

Under the fragrant pines of Cap Tourmente, students at St. Joachim School gathered to learn arts and crafts. It was 1868. Painting and carving were among the handicrafts taught. The students soon produced fine work—and set a pattern for distinctive Canadian art.
A new form of art appeared after 1760. British soldiers made sketches of their life and experiences in the New World. Later, artists were commissioned to travel through the land and permanently record its development on canvas.
Many foreign artists saw the promise of Canada in the early 1800's. Among these new citizens was Cornelius Krieghoff. His gayly coloured and animated scenes reflected the bustling activity of the new country.
As Canada has grown, the spirit of the times has made possible a glowing tradition of truly Canadian art. After 1918 the new-famous Group of Seven Canadian Artists started a new school of endeavour. The progress of our nation has given our artists unlimited material to draw from. Yes, there's room to grow—in Canada Unlimited.
Just how much room is told in "Canada Unlimited", an illustrated 144 page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. N13-14, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies received will be donated to the Canadian Citizenship Council.

BELCOT BLANKS PEACH KINGS AS SMITHVILLE WINS SERIES

The Peach Kings of Grimsby might possibly dream of some way of talking themselves into the fact that they can hit one Johnny Belcot, but you sure can't prove it by the records of the third game, in which said Mr. Belcot limited the Kings to three very scattered hits, and sent them back home with a large goose egg, and a free ticket into the tough O.A.S.A. class "B" semi-finals.

Yes, it was Belcot's pitching that defeated the Kings, plus a fence-clearing smash from a substitute first baseman by the name of Lane. His clout scored three runs, and Tylee added another homer for good measure, and that just about sums up the game, which was played before the season's largest crowd at Beamsville.

Gord Buchan, hurling for the Kings left little to be desired, racking up four strikeouts, and limiting Smithville to seven hits. Buck's only error was grooving a couple of home run balls to Messrs. Lane and Tylee.

The Kings came up with only one error, while Smithville committed three bobbles, but Belcot, the old master of the sidarm, hurried himself easily out of any holes he found himself lodged in, and did it with ease. He pitched to just thirty-one would-be Grimsby hitters, par for the nine innings of course, was twenty-seven.

The home runs naturally stole the show, but a couple of plays were worthy of honorable mention, these would be Packham's catch on Rupe Gregory's hard fly ball, and Red Mason's diving catch of Tuck's liner in the fourth inning.

The Smithville win gave them the option of going "B" or "C" and natchery they chose the easier "C" series, while our guys must go into the "B" category, meeting Stoney Creek in the first and perhaps only round.

Grimsby - 000 000 000-0 3 1
Smithville - 000 021 000-4 7 3
Batteries—Smithville, Belcot and Book; Grimsby, Buchan and Bentley.

KINGS BOOT AWAY SECOND GAME TO EVEN FRUIT BELT FINALS

The Peach Kings literally booted away their chances of taking the Fruit Belt championship in two straight, as they committed enough errors to give the Smithville team more than enough assistance for a sound eleven to three win. The largest crowd of the season witnessed the game, which saw John Belcot pitted against Frank Bouk. Bouk more than held his own, at least while it still made a difference, giving up only six hits in the first seven innings. He weakened in the final, when Smithville scored five runs, but by this time the Kings had more than given the game to Smithville on a silver platter.

The old master, Belcot, was in good form for the first time in the past two weeks, as he hurled hitless ball for six innings, the Kings got to him for five hits, including "Red" Warren's homer, which was the only deserving four base knock of the game.

The roof fell in on the Kings right in the first inning, as Smithville scored three runs on two hits and two errors.

The Kings used a somewhat different line-up, Riches patrolling left field, in place of the injured Bobby Neale, while Bill Metcalfe covered second. Demerling and Robinson split the chores in right.

Grimsby - 000 000 102-3 5 6
Smithville - 300 021 000-11 10 2
Batteries—Smithville, Belcot and Book; Grimsby, Bouk and Bentley.
Umpires—Folly and Mooradian, St. Catharines.

RED WARREN'S HOMER IN 10th SNARES OPENING WIN FOR KINGS

Among other things the local Bank of Commerce has done for our town, it brought in a guy by the name of Warren, who is just about the best darn ball player we have at the present time. A consistent player all season, and a good clutch hitter, Red Warren really picked the choice spot to come through with a tenth inning homer, which gave the Peach Kings an almost unexpected 4-3 win over Niagara Food Products. It was the first of a best of three series in the O.A.S.A. Intermediate "B" playdowns.

A surprisingly small crowd witnessed the good game, which saw the Products take a run lead in the first, but Frank Bouk walloped a homer over the track in the second to even the count. Bouk then proceeded to strike out the three remaining times at bat, going for a lot of bad ones which Lefty Kaye tossed his way as sucker bait.

With two down in the fourth, the Kings Bobby Neale singled, and with Warren running for him due to an injured limb, Warren crossed the plate on Bentley's single and a passed ball. Niagara came back with two in the sixth, aided and abetted by the Kings' mousing up of a double play. McDougall and Jones scored on singles, with Marquette and Broughton contributing.

The Products team had the better chances to score in innings seven, eight and nine, but Gordie Buchan hurled steady ball, backed

BEACH GALS WIN PLAYOFF BERTH

By the time that this appears the playoffs in the West Lincoln Girl's Softball league will be well into the semi-final rounds. Grimsby Beach which has been the dark horse of the league all season came up with a burst of power in the final stages of the race and landed, after the smoke had cleared, in third place. This is rather unique since when there was only one scheduled game left for them to play, they were in fifth place in the six team league. Grimsby had nine points, Stoney Creek had ten and Grimsby Beach had eight. Grimsby Beach met Caistorville, won the game and thus gained two points, tying them for third place in the race with Stoney Creek. In a league meeting Stoney Creek conceded the place to Grimsby Beach, who will now meet the first place Caistorville team in a three out of five semi-final series. Meanwhile Stoney Creek and Grimsby will play the other semi-final series.

In defeating Caistorville in the last of the scheduled league games, Grimsby Beach looked very strong. In the first inning they led off with seven runs and kept up the pace until they entered the last inning where they entered the last inning with a seventeen run margin. In the middle of the inning, Caistorville who had been demoralized with the umpiring all night, refused to continue with the game and pulled their batter out of the box. Before leaving the field, however, they "conceded" the game to Grimsby Beach.

A report of playoff program will be found elsewhere.

MILLS WIN 1 FOR 3

The Grimsby Silver Mills Girl's Softball team continues to steam along through its schedule with Community Beach apparently their main stumbling block. This last week they report three games to us, one win over Beamsville and two losses to Community Beach.

On August 10 the Mills played Community Beach in a four point game which was due to a postponement. The Beach grabbed the fixture by a 17 to 6 score. Moore and Furler did the hurting for Grimsby while Byford was behind the bat. On the hill for Community Beach was McKay with Wilson behind the bat. Jean Marshall of the Beach accounted for the only round tripper of the game.

Grimsby - 101 200 1-6 17
Community - 022 803 1-17 30

On the 12 of August the Grimsby girls returned to the Beach and ended up on the wrong end of a close six to four decision. Batteries were Moore and Byford for Grimsby, and Lois and Wilson for the Beach. The game was a tight contest all the way.

Grimsby - 200 010 001-4 7
Community - 011 311 015-6 4

The third game was on August 15 at Beamsville and proved to be a good night for the Grimsby gals. Trechuk was on the mound for the locals while Burch did the backstop chores. Beamsville had Romagnoli doing the throwing and Juhlike doing the catching. Final score, Grimsby 14, Beamsville 11.

Grimsby - 100 145 3-14 12
Beamsville - 007 202 0-11 8

GERMAN GOLD FRAUD

In 1925 in Munich, Germany, a Franz Tausend claimed and "proved," with a phony demonstration, that he could make gold from lead; and so several prominent men raised a fund of \$100,000 to back him. As he had done nothing by 1929, they had him jailed as a swindler. Franz then asked and

was allowed to give another demonstration which was held at the state mint and watched by a dozen officials. As a precaution against fraud, he was minutely searched upon arrival and all necessary equipment and materials were supplied by the mint. Within two hours, he produced a tiny piece of gold; but his "secret" was discovered the next day. One of his assistants, who managed to be present, had given him a cigarette containing gold dust. Franz, while

working for a moment with his back toward the watchers, had flicked the ashes into the mixture. The trouble with reaching the age of 90 is that you see your children becoming middle-aged.

On every road—night or day, Walk facing the traffic—it's the safest way.

Make it a habit to walk on the LEFT side of the road near the curb or shoulder. When you see oncoming cars, step off the road and avoid them.

WINONA LEGION CARNIVAL

(Continued from Page 1)

took the combined efforts of Don and Clara Ecker, with Bill and Mary Collin to keep putting the dogs between the buns. At the Ice Cream booth the Harvey Easman were scooping it out pretty steadily, too!

It was a grand evening, and everyone had fun. All members of the Legion pitched in, worked hard and had fun too, with the huge event planned by the Ways and Means Committee of the Legion, under the direction of Chairman P. J. Harris, supported by members Alastair Smith and Sydney Jones. To these members of the Legion who worked untiringly and enthusiastically to set up stalls and run them, goes the credit for the great success of the evening. Tickets were sold at the entrance by G. Morton Prasad, and Misses Edith Coker and Betty Johnson. The excellent music provided was supplied by Thomas Harrochuk, of Crofts Electrical Appliances of Hamilton. All in all there was no doubt that it was, to quote P. J. Harris, "the biggest and best carnival we have ever had!"

Canada today has 7,334 chemists and chemical engineers, about 5,500 of whom are professionally active.

RECREATIONAL NEWS

The closing date of the Grimsby Recreational Program will be the 28th of August. So says Mr. Frank Pustka, the Grimsby Recreational Director. End of the season activities will begin very soon for those who have participated during the year.

On Wednesday, August 24, there will be a track and field meet on the campus of the High School. All members of the program are invited to take part and it is reported that the prizes will be well worth while.

Then to follow this up and on Thursday, August 25, there will be an all day picnic and hike. Those going on this hike should bring along their lunch and some refreshments. Since this is the last hike of the season Mr. Pustka is hoping for a good turnout.

On Friday the 26th, last, day of the program there will be films of interest to all as well as skits and contests to be staged. Enrollment in the program has reached an all season high of 120 and as a result and due to the good weather the daily attendance has also risen.

The football practices being held each Tuesday and Thursday evening from 7 to 9 p.m. are well attended and the boys are starting to show the results of conditioning. Those who are interested and have not yet shown at the workouts are urged to come out and learn fundamentals while getting in shape for the coming season.

Note—Although the crests for the program have not shown as yet it is hoped that they will be along in a few days.

TO AID TUBERCULOSIS PATIENTS

Ottawa, July 19—A tuberculosis control grant of \$43,000 to finance a hospital admission chest x-ray program in smaller hospitals throughout Ontario has just been authorized under the terms of the national health plan. Hon. Paul Martin, federal health minister announced today.

"This project is designed to discover cases of tuberculosis among patients entering public hospitals and to protect staff members and other patients from tuberculosis contacts," Mr. Martin explained. "Large grants of federal funds have already been made to pay for the installation of x-ray equipment in the larger hospitals throughout Ontario. Smaller hospitals in which the installation of miniature film equipment is not warranted because of their small number of admissions will be paid \$3 for each standard chest film taken on patients admitted to their care."

The following is the provisional list of smaller hospitals which will benefit by the grant: Stevenson Memorial, Alliston; Rosamond Memorial, Almonte; Arnprior and District Memorial, Arnprior; St. Joseph's General, Blind River; General, Campbellford; Lady Minto, Chatham; District Memorial, Chelmsley; Clinton Public, Clinton; Lady Minto, Chatham; Haldimand War Memorial, Dunnville; Durham Memorial, Durham; Groves Memorial, Fergus; West Lincoln Memorial, Grimsby; Hanover Memorial, Hanover; Notre Dame, Hawkebury; St. Paul's, Hearst; Anson General, Ingersoll; Kincardine Memorial, Kincardine; Memorial, Little Current; Rosedale War Memorial, Matheson; Mattawa General, Mattawa; General, Markdale; Louise Marshall, Mount Forest; Niagara Cottage, Niagara-on-the-Lake; General, Palmerston; Willett, Parry; General, Parry Sound; General, Penetanguishene; General, Sioux Lookout; Saguenay Memorial, Southampton; General, Stratford; Lockwood Clinic, Toronto; General, Winchester.

Also included are the Red Cross outpost hospitals at Apsey, Bancroft, Beaufort, Elm, Englehart, Espanola, Haliburton Hawk Junction, Hornepayne, Mindemoya, New Liskeard, Rainy River, Red Lake, Richard's Landing and Thessalon. Costs of this project which was recommended by the Ontario Department of Health, will be charged against Ontario's share in the more than \$5,000,000 being given annually by the federal government for the extension of tuberculosis control measures throughout Canada.

QUEEN'S SYNCHROTON

Significant development in Canadian research in the installation of a 70 million volt synchrotron in an underground concrete shelter at Queen's University, Kingston, Ontario, this summer.

This electron accelerator generates high energy X-rays and will provide Canadian scientists with the means to conduct important research in the X-ray and nuclear fields.

The synchrotron was purchased by Queen's with the assistance of the Atomic Energy Control Board. It is similar in design to the one developed by the research laboratories of the General Electric Company at Schenectady and which is believed to be the only one in operation.

MOST CROPS ARE UP SAY THE STATISTICIANS

Second preliminary estimate of Ontario's apple crop indicates a production of 639,426 barrels which is approximately 30 per cent greater than in 1948. The compilation comes from the Statistics Branch, Ontario Department of Agriculture. Figures are on July 15 estimate.

Grapes will show a slight drop from last year with 24,400 tons as compared with 27,322 tons last year.

Plums show some improvement since the last report. Crop for 1948 was 295,065 bushels. For 1949 the estimate is 371,400.

Peaches last year totalled 1,530,320 bushels. Present estimate for 1949 is placed at 1,184,900, an increase of 15 per cent.

Cherries show an overall decrease of six per cent from last year. Figures are 251,400 bushels for 1948 as against 245,900 bushels for 1949.

The strawberry crop showed a drop of 55 per cent over last year. Total crop was 828,000 quarts.

OBITUARY

Funeral services were held from St. Mary's Church, Monday for Nicholas Kishko, 45, of Murray Street, North Grimsby Township, who died suddenly at his home, Friday evening, August 12.

Deceased came to Canada from Austria in 1904, and to this district about seven years ago, where he has operated a small farm. He is survived by his wife Ella, two sons Andrew and Patrick, and two daughters, Steffini and Carol Ann. A sister, Andrew of Winnipeg, and two close relatives in Europe also survive.

Interment was made in Queen's Lawn Cemetery, Father Hennrich officiating.

Also high, but don't stop shooting just because you missed the first few shots.

NEW VENETIAN BLIND

It was once believed that Christians might not enter a church to pray without first washing their hands.

HAMILTON MAN WINS OPTIMIST BOAT

Jack Updell of 188 East 22 St., Hamilton, was the lucky guest whose ticket was pulled from the barrel by Mayor C. W. Lewis, and thus became the owner of the new boat and trailer as offered by the Optimist Club of Grimsby.

Mr. Updell is a hardware salesman, and the winning ticket was sold by Gord Hadler, ambitious advertising man of Johnson's Hardware, Grimsby. Mr. Updell paid one dollar to lawfully receive the boat.

REVERENCE RAILROAD

Upon the completion of Russia's first railroad between Moscow and St. Petersburg (now Leningrad) in 1851, the emperor, Nicholas I, looked upon the achievement as though it were a miracle. So, for a number of years, he made his people, when entering the stations or riding on trains, show their reverence, the men by removing their hats and the women by covering their heads.

"Come, Let Us Reason Together"

As the clock records the passing of our lives in terms of hours, minutes and seconds, so our physical bodies move just that much closer to decay. The great question which then must be in the mind of every logical man is:— "What Next?"

The Bible alone can supply the Answer to this vital question. Through its pages alone does God reveal His plans for man's future, and His commands for man's preparation.

Come and study with us from the written word.
